MEMORANDUM FOR THE RECORD

SUBJECT : Conversation with Charles Keller, GAO

REFERENCE: Memoranda for the Record dated 6 August
and 24 October 1974.

At the direction of the ADDI, I called Mr. Charles Keller of GAO on 21 November to advise him that I could not honor his request to be put on distribution for the Economic Intelligence Weekly and International Oil Developments. I said that it had been determined that it would not be appropriate to disseminate these classified reports to other than our normal consumers. I added that we had raised this question with our Congressional Committees. Mr. Keller responded by asking if it would be possible for him to see the reports. He suggested, for example, that given our permission he could read the IOD each week at the Office of Fuels and Energy in State. Mr. Keller said he was not certain whether our concern was with his having possession of the reports or seeing their contents. I told Mr. Keller that I would check on his request and be in touch with him later.

Now what do I tell Keller of GAO? I would not want him looking at the IOD and EIW unless he was at the Agency and under instructions not to take notes.
